

# Amber Fertility

## Patient Price List 2026

**Please note:**

Prices listed are for guidance only. All treatments are provided following a costed treatment plan. Please confirm final costs with us before proceeding. Prices may be amended at any time.

Initial Consultations and Pre-Treatment Assessment		
Initial consultation	A 60-minute medical consultation with Dr Vivienne Hall	£ 200
Follow up consultation	To review results and discuss treatment plan	£100
Ultrasound scan	Ultrasound scan with 3D sweep	£ 150
Early pregnancy scan	Clinical pregnancy scan - Early viability scan 6-8 weeks	£ 150
Semen Analysis	Semen analysis with antisperm antibodies identification (MAR test)	£ 150
HyCoSy	Ultrasound technique to evaluate the tubal patency	£400
3D Aqua Scan / Saline Infusion Hysterosonogram (Saline Scan)	Ultrasound technique with saline contrast to evaluate the uterine cavity and lining	£400
Anti-Mullerian Hormone (AMH)	Ovarian reserve blood test	£100
Virology Screening Blood Tests (per partner)	<p>HIV*, Hepatitis B surface antigen (HBsAg)*, Hepatitis B core antibody (Anti-HBc)*, Hepatitis C [HFEA Required] *, Chlamydia and Gonorrhoea</p> <p>Every patient undergoing IVF, ICSI, egg freezing, or IUI treatments require these blood tests.</p> <p>These tests must be with within 3 months of a first treatment cycle (i.e. egg collection or IUI procedure) and then repeated every 2 years for subsequent cycles.</p> <p><i>*Screening tests may be performed with your GP; however, it is a regulatory requirement that pathology tests must be carried out by a laboratory with ISO 15189 accreditation.</i></p> <p><i>We cannot accept any infectious disease screening results that do not include the laboratory's details and confirmation that the laboratory is ISO 15189 accredited.</i></p>	£180
Rubella	Female patients must be tested to ensure immunity to rubella before treatment. If you are pregnant and catch rubella, it can cause serious damage to the unborn child.	£60
Chlamydia and Gonorrhoea (per partner)	All patients are tested for Chlamydia and Gonorrhoea to allow our doctor to treat any infection, prevent further spread and assess any damage which may have been caused to their fertility.	£60
Cycle monitoring		
Ovulation induction/Cycle Monitoring	Monitoring ultrasound scan (unlimited number per cycle), clinical planning & support	£500
Oestradiol (E2)	If required	£45
Luteinizing Hormone (LH)	If required	£50
Progesterone (P4)	If required	£45

**Intrauterine Insemination (IUI)**

<b>Intrauterine Insemination (IUI)</b>	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the treatment cycle</li> <li>• Monitoring ultrasound scans</li> <li>• Sperm Preparation</li> <li>• Insemination</li> <li>• Patient/Clinical Intelligence</li> </ul>	<b>£1,300</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£50 - £1000)</li> <li>• Pregnancy scan or follow-up consultation</li> </ul>	<b>Charged separately</b>
<b>Intrauterine Insemination (IUI) with Donor Sperm</b>	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the treatment cycle</li> <li>• Monitoring ultrasound scans</li> <li>• Donor sperm Preparation</li> <li>• Insemination</li> <li>• Patient/Clinical Intelligence</li> <li>• HFEA Fee</li> <li>• Sperm Donor Matching Support*</li> </ul>	<b>£1,300</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£50 - £500)</li> <li>• Pregnancy scan or follow-up consultation</li> <li>• Donor sperm sample costs (Sperm Bank fee)</li> </ul>	<b>Charged separately</b>

**Cancellation and Refund policy for the IUI cycles:**

If the cycle is cancelled, then all procedures that have been carried out will be charged individually.

\*Only charged if the Avenues team assists in the donor matching process. This does not include the cost of donor sperm, this is charged and priced by the donor bank.

**Any blood tests performed, and medications dispensed during the treatment cycle are not refundable under any circumstances.**

**IVF + ICSI with Fresh Transfer Cycle**

<b>IVF + ICSI with Fresh Transfer</b>	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the IVF treatment cycle</li> <li>• Nurse consultation</li> <li>• Monitoring ultrasound scans</li> <li>• Patient/Clinician intelligence</li> <li>• Egg collection procedure &amp; sedation</li> <li>• Sperm preparation</li> <li>• Fertilisation and embryo culture</li> <li>• Extended blastocyst culture</li> <li>• Embryoscope</li> <li>• AI Embryo Assessment and Patient Embryo Viewer</li> <li>• ICSI with AI Sperm Selection</li> <li>• Fresh embryo transfer</li> <li>• HFEA Fee</li> <li>• Sperm Zymot</li> <li>• Embryo freezing of extra embryos (up to 4 straws)</li> <li>• Cryostorage 1 year</li> <li>• Pregnancy scan, or a follow up consultation for cycles which do not result in a clinical pregnancy</li> </ul>	<b>£7,150</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£500 - £2500)</li> <li>• Egg or embryo thaw within an IVF cycle (£750)</li> </ul>	<b>Charged separately</b>

**Cancellation and Refund policy for IVF + ICSI with Fresh Transfer Cycle**

If a cycle is cancelled before egg collection, then all procedures that have been carried out will be charged individually.

**Compulsory - Non-refundable if egg collection occurs:**

- Clinical planning & support during the IVF treatment cycle
- Nurse consultation
- Monitoring ultrasound scans
- Patient/Clinician intelligence
- Egg collection procedure & sedation
- Sperm preparation
- Fertilisation and embryo culture
- Embryoscope
- ICSI with AI Sperm Selection (ICSI is completed as standard at Avenues)
- Sperm Zymot

**Compulsory - Refundable if no eggs successfully fertilise:**

- Extended blastocyst culture (£270)
- AI Embryo Assessment and Patient Embryo Viewer (£265)

**Compulsory - Refunded if no transfer occurs:**

- Fresh embryo transfer (£300)
- HFEA Fee (£100)

**Compulsory - Refundable if no embryos available to freeze:**

- Embryo freezing of extra embryos (up to 4 straws) (£320)
- Cryostorage 1 year (£450)
- Any blood tests performed, and medications dispensed during the treatment cycle are not refundable under any circumstances.

**IVF + Rescue ICSI with Fresh Transfer Cycle**

<b>IVF + Rescue ICSI with Fresh Transfer</b>	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the IVF treatment cycle</li> <li>• Nurse consultation</li> <li>• Monitoring ultrasound scans</li> <li>• Patient/Clinician intelligence</li> <li>• Egg collection procedure &amp; sedation</li> <li>• Sperm preparation</li> <li>• Fertilisation and embryo culture</li> <li>• Extended blastocyst culture</li> <li>• Embryoscope</li> <li>• AI Embryo Assessment and Patient Embryo Viewer</li> <li>• ICSI with AI Sperm Selection</li> <li>• Sperm Zymot</li> <li>• Embryo freezing of extra embryos (up to 4 straws)</li> <li>• Cryostorage 1 year</li> <li>• Pregnancy scan, or a follow up consultation for cycles which do not result in a clinical pregnancy</li> </ul>	<b>£8,150</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£500 - £2500)</li> <li>• Egg or embryo thaw within an IVF cycle (£750)</li> </ul>	<b>Charged separately</b>

**Cancellation and Refund policy for IVF + Rescue ICSI with Fresh Transfer Cycle**

If a cycle is cancelled before egg collection, then all procedures that have been carried out will be charged individually.

**Compulsory - Non-refundable if egg collection occurs:**

- Clinical planning & support during the IVF treatment cycle
- Nurse consultation
- Monitoring ultrasound scans
- Patient/Clinician intelligence
- Egg collection procedure & sedation
- Sperm preparation
- Fertilisation and embryo culture
- Embryoscope
- Sperm Zymot

**Compulsory - Refundable if no eggs collected:**

- ICSI with AI Sperm Selection (£780)

**Compulsory - Refundable if no eggs successfully fertilise:**

- Extended blastocyst culture (£270)
- AI Embryo Assessment and Patient Embryo Viewer (£265)

**Compulsory - Refunded if no transfer occurs:**

- Fresh embryo transfer (£300)
- HFEA Fee (£100)

**Compulsory - Refundable if no embryos available to freeze:**

- Embryo freezing of extra embryos (up to 4 straws) (£320)
- Cryostorage 1 year (£450)
- Any blood tests performed, and medications dispensed during the treatment cycle are not refundable under any circumstances.

**Freeze All IVF + ICSI (Freeze All Embryos) Cycle**

<b>Freeze All IVF + ICSI (Freeze All Embryos)</b>	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the IVF treatment cycle</li> <li>• Nurse consultation</li> <li>• Monitoring ultrasound scans</li> <li>• Patient/Clinician intelligence</li> <li>• Egg collection procedure &amp; sedation</li> <li>• Sperm preparation</li> <li>• Fertilisation and embryo culture</li> <li>• Extended blastocyst culture</li> <li>• Embryoscope</li> <li>• AI Embryo Assessment and Patient Embryo Viewer</li> <li>• ICSI with AI Sperm Selection</li> <li>• Sperm Zymot</li> <li>• Embryo freezing (up to 4 straws)</li> <li>• Cryostorage 1 year</li> </ul>	<b>£7,250</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£500 - £2500)</li> <li>• Egg thaw within an IVF cycle (£750)</li> </ul>	<b>Charged separately</b>

**Cancellation and Refund policy for Freeze All IVF + ICSI (Freeze All Embryos)**

If a cycle is cancelled before egg collection, then all procedures that have been carried out will be charged individually.

**Compulsory - Non-refundable if egg collection occurs:**

- Clinical planning & support during the IVF treatment cycle
- Nurse consultation
- Monitoring ultrasound scans

Freeze All IVF + ICSI - 2 Cycles and 3 Cycles		
Freeze All IVF + ICSI - 2 Cycles	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the IVF treatment</li> <li>• cycle x 2</li> <li>• Nurse consultation x 2</li> <li>• Monitoring ultrasound scans x 2</li> <li>• Patient/Clinician intelligence x 2</li> <li>• Egg collection procedure &amp; sedation x 2</li> <li>• Sperm preparation x 2</li> <li>• Fertilisation and embryo culture x 2</li> <li>• Extended blastocyst culture x 2</li> <li>• Embryoscope x 2</li> <li>• AI Embryo Assessment and Patient Embryo Viewer x 2</li> <li>• ICSI with AI Sperm Selection x 2</li> <li>• Sperm Zymot x 2</li> <li>• Embryo freezing (up to 4 straws) x 2</li> <li>• Cryostorage 1 year</li> </ul>	<b>£11,980</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£500 - £2500)</li> </ul>	<b>Charged separately</b>
Freeze All IVF + ICSI – 3 Cycles	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the IVF treatment</li> <li>• cycle x 3</li> <li>• Nurse consultation x 3</li> <li>• Monitoring ultrasound scans x 3</li> <li>• Patient/Clinician intelligence x 3</li> <li>• Egg collection procedure &amp; sedation x 3</li> <li>• Sperm preparation x 3</li> <li>• Fertilisation and embryo culture x 3</li> <li>• Extended blastocyst culture x 3</li> <li>• Embryoscope x 3</li> <li>• AI Embryo Assessment and Patient Embryo Viewer x 3</li> <li>• ICSI with AI Sperm Selection x 3</li> <li>• Sperm Zymot x 3</li> <li>• Embryo freezing (up to 4 straws) x 3</li> <li>• Cryostorage 1 year</li> </ul>	<b>£15,990</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£500 - £2500)</li> </ul>	<b>Charged separately</b>

**Cancellation and Refund policy for Freeze All IVF + ICSI - 2 Cycles and 3 Cycles**

If a cycle is cancelled before egg collection, this will be omitted from the multicycle package and all procedures that have been carried out will be charged individually.

Multicycle IVF treatment packages must start from the beginning of the 1st cycle of the package. They cannot be joined part-way though after a previous IVF cycle attempt.

The 2 and 3 cycles package are complete when all egg collections have been performed.

The 2 cycles package must be paid in full before the first cycle is started and completed within 9 months. The 3 cycles package must be paid in full before the first cycle is started and completed within 12 months.

If you decide to opt out of the multicycle package, you will be charged for the cycles undertaken at the standard price list fees that apply at the time of treatment and refunded the remaining difference. Compulsory - Refundable if no embryos available to freeze:

- Embryo freezing (up to 4 straws) (£320- per cycle)
- Cryostorage 1 year (£450)
- Any blood tests performed, and medications dispensed during the treatment cycle are not refundable under any circumstances.

<b>Egg Freezing Cycle</b>		
<b>Egg Freezing Cycle</b>	Included: <ul style="list-style-type: none"> <li>Clinical planning &amp; support during the treatment cycle</li> <li>Nurse consultation</li> <li>Monitoring ultrasound scans</li> <li>Patient/Clinician intelligence</li> <li>Egg collection procedure &amp; sedation</li> <li>Egg freezing (up to 4 straws)</li> <li>AI Egg Assessment and Patient egg viewer</li> <li>Cryostorage 1 year</li> </ul>	<b>£4,000</b>
	Not Included: <ul style="list-style-type: none"> <li>Pre-treatment screening blood tests</li> <li>Monitoring blood tests</li> <li>Medications (£500 - £2500 per cycle)</li> </ul>	<b>Charged separately</b>
<p><b><u>Cancellation and Refund policy for the Egg Freezing Cycle:</u></b>                      If a cycle is cancelled before egg collection, then all procedures that have been carried out will be charged individually.</p> <p><b>Compulsory - Non-refundable if egg collection occurs:</b></p> <ul style="list-style-type: none"> <li>Clinical planning &amp; support during the IVF treatment cycle</li> <li>Nurse consultation</li> <li>Monitoring ultrasound scans</li> <li>Patient/Clinician intelligence</li> <li>Egg collection procedure &amp; sedation</li> </ul> <p><b>Compulsory - Refundable if no eggs collected:</b></p> <ul style="list-style-type: none"> <li>Egg freezing (up to 4 straws) (£320)</li> <li>AI Egg Assessment and Patient egg viewer (£265)</li> <li>Cryostorage 1 year</li> <li>Any diagnostic procedures, blood tests performed, and medications dispensed during the treatment cycle are not refundable under any circumstances.</li> </ul>		
<b>Multicycle Egg Freezing Packages (egg batching)</b>	2 Cycles Package	<b>£7,000</b>
	3 Cycles Package	<b>£9,000</b>
	Multicycle Egg Freezing Packages contain and exclude the same items as the individual treatment cycle option. Multicycle Egg Freezing starts from the beginning of the 1st cycle of the package. A previous Egg freezing cycle attempt cannot be joined as a part of the package. Multicycle Egg Freezing Packages must be paid in full before the first cycle is started and completed within 6- months period for the 2 cycles package and within 9-month period for the 3 cycles package.	
<p><b><u>Cancellation and Refund policy for the Multicycle Egg Freezing package:</u></b>                      If the cycle is abandoned prior to the egg collection procedure, this will be omitted from the multicycle package, however, the patient will be charged for any diagnostic procedures, blood tests and medications dispensed relating to the cancelled cycle.</p> <p>There is no refund offered in the event of no eggs being collected or the eggs collected are not suitable for freezing. The multicycle Egg Freezing package is complete when all egg collections have been performed. If any of the 2 or 3 cycles are not completed within the time limits indicated above, no refund is available.</p>		

**Frozen Embryo Transfer**

<b>Frozen Embryo Transfer</b>	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the frozen embryo transfer treatment cycle</li> <li>• Nurse consultation</li> <li>• Monitoring ultrasound scans</li> <li>• Patient/Clinician intelligence</li> <li>• Frozen/thawed embryo transfer</li> <li>• GM-CSF</li> <li>• HFEA Fee</li> <li>• Pregnancy scan, or a follow up consultation for cycles which do not result in a clinical pregnancy</li> </ul>	<b>£2,000</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£50 - £1500 per cycle)</li> </ul>	<b>Charged separately</b>

**Cancellation and Refund policy for the Frozen Embryo Transfer:**  
 If there is a failure on the thaw stage and there are no further embryos available for transfer, patient will be eligible for HFEA fee refund - £100

**Egg Thaw and Embryo Transfer**

<b>Egg Thaw and Embryo Transfer</b>	<p>Included:</p> <ul style="list-style-type: none"> <li>• Clinical planning &amp; support during the treatment cycle</li> <li>• Nurse consultation</li> <li>• Monitoring ultrasound scans</li> <li>• Patient/Clinician intelligence</li> <li>• Egg Thawing</li> <li>• Sperm preparation</li> <li>• ICSI with AI sperm selection</li> <li>• Sperm Zymot</li> <li>• Fertilisation and embryo culture</li> <li>• Embryoscope</li> <li>• Extended blastocyst culture</li> <li>• AI Embryo Assessment and Patient embryo viewer</li> <li>• Fresh embryo transfer</li> <li>• HFEA Fee</li> <li>• Embryo freezing of extra embryos (up to 4 straws)</li> <li>• Cryostorage 1 year</li> <li>• Pregnancy scan, or a follow up consultation for cycles which do not result in a clinical pregnancy</li> </ul>	<b>£5,000</b>
	<p>Not Included:</p> <ul style="list-style-type: none"> <li>• Pre-treatment screening blood tests</li> <li>• Monitoring blood tests</li> <li>• Medications (£50 - £1500 per cycle)</li> </ul>	<b>Charged separately</b>

**Cancellation and Refund policy for the Egg Thaw and Embryo Transfer package:**  
**Compulsory - Non-refundable if eggs are inseminated:**

- Clinical planning & support during the treatment cycle
- Nurse consultation

- Monitoring ultrasound scans
- Patient/Clinician intelligence
- Egg Thawing
- Sperm preparation
- ICSI with AI sperm selection
- Sperm Zymot
- Fertilisation and embryo culture
- Embryoscope

**Compulsory - Refundable if no eggs successfully fertilise:**

- Extended blastocyst culture (£270)
- AI Embryo Assessment and Patient embryo viewer (£265)

**Compulsory - Refunded if no transfer occurs:**

- Fresh embryo transfer (£300)
- HFEA Fee (£100)

**Compulsory - Refundable if no embryos available to freeze:**

- Embryo freezing of extra embryos (up to 4 straws) (£320)
- Cryostorage 1 year (£450)

<b>Additional services</b>		
<b>EMMA (Endometrial Microbiome Metagenomic Analysis) / ALICE (Analysis of Infectious Chronic Endometritis)</b>	EMMA analyses the endometrial microbiome to identify an abnormal uterine environment. Includes a scan but excludes medication & blood tests if EMMA tests positive a second sample is required. ALICE is a test that detects pathogenic bacteria causing chronic endometritis.	<b>£1,200</b>
<b>PGT-A up to 6 Embryos</b>	Genetic testing to detect abnormalities with the number of chromosomes	<b>£3,500</b>
<b>PGT-A per embryo</b>	Genetic testing to detect abnormalities with the number of chromosomes	<b>£650</b>
<b>Endometrial scratch</b>		<b>£350</b>
<b>Sedation</b>		<b>£ 400</b>
<b>Sperm freeze</b>		<b>£200</b>
<b>EXACT Sperm DNA Fragmentation Analysis (Examen)</b>		<b>£600</b>
<b>EXACT &amp; EXTEND Sperm DNA Fragmentation Analysis (Examen)</b>		<b>£900</b>
<b>Semen Culture</b>		<b>£80</b>
